Forecast for Sunday 04 Jul 2021

Weather: A few showers continuing during the night and it will be misty with extensive hill fog. A lot of dry weather on Sunday morning and brightening up with some sunshine developing. Scattered showers breaking out, becoming heavy and thundery in the afternoon, continuing into the evening.

Chance of cloud free mountain/hill tops above 800m: 40%

Visibility: Misty conditions at first but visibility improving good during morning with low cloud lifting and breaking up. Marked deteriorations to poor visibility in the afternoon as heavy showers come along bringing extensive cloud cover about 600 to 700m.

Met Office Aberdeen Meteorologist's View
Winds will be light and so the showers will be slow moving in the afternoon taking a bit longer to pass by.

Forecast for Monday 05 Jul 2021
Weather: Once again a lot of mist and low cloud to start the day. This will thin and break up but staying rather cloudy. Showers will develop early in the day and becoming frequent and heavy during the morning with a risk of thunder. Further slow moving heavy showers in the afternoon and evening.

Maximum wind: Light winds at all levels, mainly southeasterly on the tops, average speeds of 10mph.

Chance of cloud free mountain/hill tops above 800m: 20%

Visibility: Pockets of good visibility between showers, otherwise misty conditions and occasionally poor as heavy showers pass by with clouds coming well down the hills.

Temperature: **Glens:** 14 Celsius at dawn rising to 20 Celsius by early afternoon.
At 800m: 14 Celsius.
Freezing level: Well above the summits.
